## MENTAL HEALTH INTERAGENCY COALITION OF FOREST, ONEIDA, AND VILAS COUNTIES

A part of the 2012-2017 *Healthy People Healthy Oneida County* Community Health Plan

## Mental Health Interagency Council

### MHIAC Mission Statement:

The mission of the Mental Health Interagency Council (MHIAC) is to improve the access of services for the mental health needs of Oneida, Vilas and Forest County's people by increasing awareness, decreasing stigma, and supporting the development of a collaborative system of care through public information and community involvement.

### Who are we?

MHIAC is a coalition of Oneida, Vilas and Forest County-based individuals and organizations who are dedicated to improving access to mental health services and quality of life of the citizens of our area. The ultimate goal of the MHIAC is to support the development of a collaborative system of client centered care, and secondarily, reducing the incidence of hospitalizations, out of home placements and legal problems that may occur without proper mental health treatment.

### Other Membership Affiliations:

The MHIAC actively participates in and supports the "Coordinated Service Team" Initiative and Committee.

## MHIAC 2014 Work Plan

### 2012-2017 MHIAC Community Health Plan Priority Goals:

1. By 12/31/2016, increase the awareness of mental health disorders while simultaneously decreasing social stigmas commonly associated with mental health.  
(Activities: Frank B. Koller Mental Health Summit May 9, 2014; Suicide Prevention Initiative—*Question, Persuade, Refer* (QPR) Trainings; High School Video, Social Media & PSA Projects; Walk 2015)
2. By 12/31/2016, development of a mental health collaborative system of care across the lifespan will be in place.  
(Activities: CST Committee; CST area wraparound teams; NAMI Drop-In Center Initiative support; Early childhood—Deb McNelis' *Braininsights*, and adolescent brain development information via multiple childcare service agencies, clinical, and school venues; area mental health clinician resource booklets and websites)
3. By 12/31/2016, establish a system of data collection and management to provide a stable and ongoing source of reliable community-specific information about mental health issues.  
(Activities: Area High School Student Survey Project & other surveys; Biennial Youth Risk Assessment Survey; compilation of area healthcare and Crisis Line data).

4. By 12/31/2016, strengthen the capacity of coalition and coalition membership to continually improve effectiveness and sustainability of programmatic efforts.  
(Activities: Collaboration with: local chapter of National Alliance on Mental Illness (NAMI); Northern Highland Health Education Center (NHAHEC); AODA Coalition; consumer groups - EMIS (Eliminate Mental Illness Stigma).
